Cangzhou Yohar Global Trading Co.,Ltd.

Company profile

Yohar is a sourcing service company based in Cangzhou, Hebei, China. Hebei is the main production province of China for steel. So many items made by steel is very good price, like scaffolding, suspended platform, jack stand and some cast iron items. There are also a lot of factories in the west part of Cangzhou for mesh bag, because that area is not developed, the salary is lower than other places in Cangzhou. So we can offer the above items with good price and reliable quality.

We can also offer you oil pipe and fittings, glass container, beer bottles, many items made in local factories. Check our site, contact us for items you want. We will offer our best service for you.

Reliable Quality ! Reasonable Price!

Hot-dip Galvanized Suspended Platform

Hot-dip galvanizing technology needs immersing steel into 932°Fgalvanizing bath, then the zinc coating will totally cover the surface of the steel to ensure the corrosion-resistance.

Good Tenacity: the galvanized coating becomes a special metallurgy construction, it can withstand the mechanical harm during the carrying and application.

Fully Protects: the zinc coating will cover everywhere including the small hollows, sharp angles or concealed surfaces.

Labor Saving and Cost Saving: no need to maintain for the surface, save both time and labor.

Hoist

Application

1. High-rise building: Decoration, construction for external wall, installation of curtain wall and external components, repairing, checking, maintenance and cleaning for external wall
2. Large-scale project: construction, repairing and maintenance for large tank, chimney, dams, bridges, derrick
3. Large ships: welding, cleaning and painting
4. Billboard: installation billboard for high-rise building
